DWIGHT DAVID EISENHOWER

General of the Army

October 14, 1890 - March 28, 1955

34th President of the United States, 1953-1961

Supreme Commander, Allied Forces in Europe, World War II

Chief of Staff, U. S. Army, 1945-1948

President, Columbia University, 1948-1950

Supreme Commander, NATO Forces in Europe, 1950-1952

"I picture the road ahead of us as a broad, one-way highway of progress. Its width is great enough to accommodate all reasonable citizens, from the moderate conservative to the moderate liberal. They are the people who get things done. Off the shoulders of the road, sometimes spilling down in the gutters, are the extremists of the far left and the far right. They are the people who cause most of the trouble in the world."—Dwight D. Eisenhower (Reader's Digest, April 1969).

## DOLLARS FOR SCHOLARS CANVASS UNDERWAY IN S. A. D. 44

At a meeting held recently at the home of Dana Douglass, Jr., president of the S. A. D. 44 Chapter, the Dollars for Scholars plans were finalized for the annual door-to-door campaign to be held from April 5 to April 12.

Mrs. Charlotte Strout of Woodstock, telephone Bryant Pond 35-12, was elected as the chairman of the 1969 Drive to be assisted by the parents and members of the Senior Class at Telstar Regional High School.

The goal is to collect a dollar per person from the residents in SAD 44. Five SAD 44 graduates of the class of 1968 are now benefiting from the unique community scholarship program organized in SAD 44 in May of 1968. They are Mary Jane Abbott, Farmington State College; Thomas A. Davis, Gorham State College; David A. Hutchins, Southern Maine Vocational Technical Institute; Edward G. Rosenberg, Maine Maritime Academy; and Andrea I. Swan, Farmington State College. This year in the Senior Class at Telstar there are a number of eligible candidates qualified to receive aid from this scholarship fund.

Dollars for Scholars is a community project designed especially for the benefit of District students. Except for a nominal \$50.00 to gain tax deduction status and pay for part of the National Dollars for Scholars organization expense, all other monies are kept within the communities.

Dollars for Scholars purpose is to aid students qualified for higher education. Recipients of the Dollars for Scholars Scholarships understand that they should repay their "loans" (no binding agreement) if and when they are able. In this way funds will keep building to broaden the base for additional scholarships. Students must apply for the scholarships—they are not awarded to non-applicants. Students in SAD 44 must apply between March 28 and April 9 in the Guidance Office at Telstar.

The Dollars for Scholars is a non-profit, non-union fully accredited non-profit organization. It was organized in Fall

## EVENTS PLANNED FOR EASTER WEEK END AT SUNDAY RIVER

Many activities for both children and adults are planned for the April 5-6 Easter Week End at the Sunday River Skiway.

Activities start at 11:00 a. m. on Saturday with a family egg race through gates. Following at 1:00 p. m. the event will be repeated for single adults over 18. Entrants are urged to come well armed with a delicate sense of balance. A tray sliding contest for under 10-year-olds and awards for the day's events will follow later in the afternoon.

Saturday night a smorgasbord for adults sponsored by the Sunday River Ski Club, Ski School and Skiway will be held at the Sudbury Inn. Sunday's activities begin with an Easter Service at 7:30 a. m. followed by a pancake breakfast.

At 9 a. m., both the children under 10 and older children and adults will embark on an egg hunt. The adult hunt will conclude at 11 a. m. An egg rolling race is also planned for the younger set.

After lunch the Ski Club will present a costume contest and parade with prizes for most original and funniest. Following the costume judging, prizes for the day's events will be awarded at a ceremony at the Ski Shop.

River, Mass., in 1967 when a candidate for the School Board in Fall River proposed that each resident give \$1.00 for scholarship aid.

In that same year seven chapters were organized. Today there are more than 300 chapters from Washington State to California and Florida to Maine. In Maine there are 33 chapters.

When the Dollars for Scholars workers come knocking at your door between April 5 and April 12 plan to give generously to make possible that qualified students in the Class of 1969 at Telstar may further their education in September 1969. Any amount given is tax deductible from your 1969 tax returns.

Mrs. Allen Messer has received word of the death of her sister, Miss Charline Perkins, in Auburn, on Wednesday.

## COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The report has been received television sets will not be taxed in 1969. We have not had official confirmation of this but unofficial sources say the Governor signed the law April 1 as an emergency measure.

Our loader is still in Portland being overhauled. It was expected to be there two weeks when we delivered it March 25. A new block and head has to be installed as both were cracked. Otherwise the machine appears to be in good condition except for the normal wear we had anticipated. The cracks, we have been told by the mechanics in Portland, were not surprising as an engine with the number of hours that one has operated tends to develop them as a result of the heat generated with use. The two items cost approximately \$1,000. Installation is not an added expense as the old one was completely removed and dismantled for inspection.

## MAINE COMMUNITIES URGED TO PUT ADDED EFFORT INTO '69 CLEAN UP CAMPAIGN

Maine communities are urged by the Keep Maine Scenic Committee to put a little extra effort into clean up and beautification campaigns in 1969.

"We have a birthday coming up in 1970. National attention will be focused on Maine. We are certain to be entertaining thousands attracted here for the first time by the sesquicentennial," Chairman Richard H. Woodbury said. "If every citizen takes part in his community's clean up efforts, we can welcome these and others with pride." The annual statewide community clean up campaign extends from April 19 to May 31. As weather conditions permit, all Maine communities are urged to devote a week or more to sprucing up.

## BETHEL TOWN TEAM

Anyone interested in playing ball for the Townies for the '69 season contact Donald Tyler, Gilead, Maine, 856-2277 or Bill Keoskie, Bethel, 824-2255.

After a seven win season last year it is hoped to make it a better season this year. But to have a better season players are needed. Everyone is invited to play.

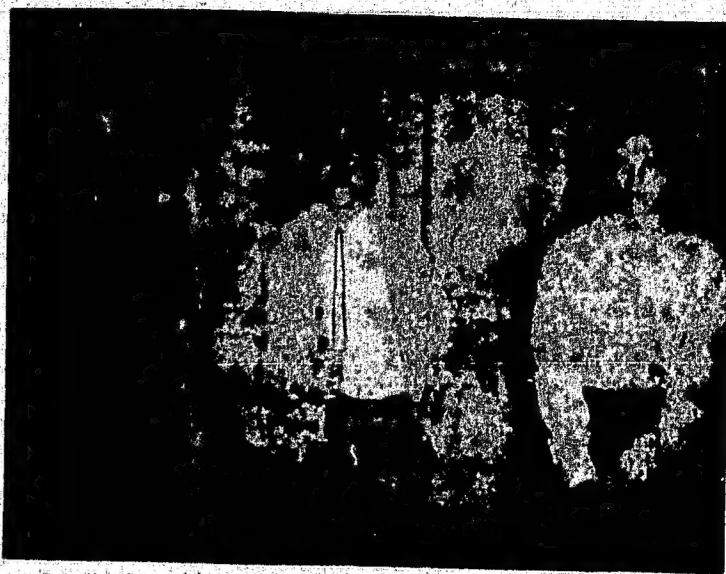

During the February Heart Fund campaign volunteers in Maine communities, as they made a door to door canvass for funds, left contribution envelopes where people were not at home. Due to the several heavy storms during Heart Month volunteers were not able to return and collect these envelopes. Therefore the Maine Heart Association asks that contributors still having these envelopes please forward them to the Association, Post Office Box 741, Augusta, Maine 04330.

The yearbook staff and the senior class sponsored the first carnival week end at Telstar Regional High School. The events began last Friday evening with the most comical basketball game ever played in the new gymnasium.

After the boys varsity team was defeated by the girls team, everyone gathered outside around the snow throne. There were many compliments on the dramatic ceremony of the coronation of Queen Linda Carver and her court, Janis Ken-nigh, Beth Andrews, Linda Koskela and Anita Young.

Early Saturday morning the class competition was underway which included snow shoe, toboggan, obstacle races, and snow sculpture judging. The sophomore class took first place followed by the Juniors and seniors.

## GILEAD

— Mrs. Clifford O. Cole, Cor. —

While sitting quietly at the kitchen table last Friday, I heard a loud thump out back of the house. I got up and looked out the bedroom window. To my surprise a hawk had caught a bluejay in mid air and brought it down to the ground under the white maple tree at the corner of the house. To kill the bluejay he picked the feathers off him. I took movie pictures of him. I turned my back a few minutes and he flew away. I looked in the bird book and found out he was a cooper hawk. It is the first time one has come close to the house.

The following new birds have visited the feeder at Mrs. Clifford Cole's the past week: a robin, a pair of morning doves and a meadow lark.

Mr. and Mrs. Daniel Cole went to Tilton, N. H., last Saturday to visit his sister Sandra. They also went to Raymond, N. H., and visited his aunt, Mrs. Edith Quimby and her son and family.

## TELSTAR SPORTS

## SIDELINES

Ross Timberlake

Telstar is well into spring sports and my report this week will consist mostly of the candidates and the teams' schedules.

Baseball, as I said before, looks very good. Promising players start with Jim Johnson, capable of playing center and good starter on the mound; Senior Steve Hastings also capable of outfield play and mound duty as a southpaw. Stuart Thurlow, a senior, and also a lefty has the potential to play first.

Telstar's team is young with eight freshmen, seven sophomores, eight juniors and six seniors. Its rookies look promising for starting positions.

Such players as Duane Scribner with fine ball handling and agility; Ronnie Deegan, another fine rookie, looking for a job at third; Dana Melville, 145 pounds and fleet of foot behind the plate, looks fine as a catcher. Dwight York, one of Woodstock's champions is also a possible starter at his junior year.

For me to tell of the greatness in the team this year, I'd need to write a 200-page novel, but to sum it up, other possibilities are Seth Timberlake with fine fielding ability and Steve Blake, a hard worker looking to start on second.

Tuesday of this week, Coach Dan Hannion took the day to trek to Farmington State College for a Career Day Clinic. Those interested and attending the clinic from Telstar were Steve Blake, Clyde Crockett, Ronnie Deegan, Dana Melville, Tom Remington, Tom Demarest, John Sylvester, Kerry Meisner and Bill Savage. Next week I'll capture Coach Tim Kersey for an exclusive interview and an outlook on participants. As of now the team consists of 30 some members.

## Readers' Forum

To whom it may concern:

Is Germany ready for another try for World domination? If so, this will be the third time in the lifetime of a lot of people now living. How will it come about when they aren't even armed you say? Well, they are armed with thousands of UFOs and submarines hidden in the caves and caverns along the continental shelves on the North and Baltic Seas and Countries in South America with their 200 mile fishing limits. Some of these caverns can hide an armada (a fleet of 8 armed ships—Webster's dictionary). They are so immense in size and deep enough under the land Russia may not ever know of them in East Germany. Remember the bases for the German submarine wolf packs of World War I. There were "hanging balls" in the sky at that time, too.

An anti ballistic missile system will only be for our own suicide. The UFOs are molied of non-metallic materials, run by electrical or gas (helium) systems or both (for camouflage) insulated to make metallic contact of missiles impossible but they could carry a magnet below the UFO to be cut loose over open sea for a means to deplete our missile protection and our complete morale or free over our cities to guide our own missiles to destroy ourselves. Only Germany the consort of Lucifer could plan and execute such a diabolical plot against humanity.

Read the Book Review in March 21, 1969, Life Magazine of Requiem to Billy Pilgrim's Progress and feel the hatred of America by the self-styled super race who were not defeated but simply went underground to the Bunds and the infiltration of our educational, pharmaceutical, technological institutions, medical colleges, hospitals and even our government without even changing their names. The perfidy of it!

## CARD OF THANKS

I wish to thank all my friends and neighbors for being so kind and thoughtful in sending me cards and letters while I was at Rumford and Portland hospitals. Also for cards and gifts since my return home.  
Mary MacNeill

The Jewry of America are dreaming in a false security of protection in this land supposed to be free. We'll all have to fight to keep the enemy at bay for this will be their last opportunity for their aim of Friedrich III, Roman Emperor and German King in his vow of the Yowels and now adopted by his present descendants. (On public view at Ripley's Believe It or Not Museum in St. Augustine, Florida). The vowels are A. E. I. O. U. as meaning, "Alles Erdenreich, Ist Oesterreich, Untertan". Translation, "All on Earth is Subject to Austria" (German).

Webster's dictionary adds that there are two more vowels w and y. Could we translate them work and you? This is what it will take to save us from a slavery more horrible than death.

I remember the talk of our boys when returning from the World War I theater and wondering if their talk could possibly be true of the German atrocities against their fellow man. World War II is added history. By comparison cannibals are civilized. The caverns were described also and marveled at.

The complete blackout of the Northeast a few years ago shows how completely vulnerable we are.

How long will the smoke screen of Vietnam, Russian-China border feuds and instigated clashes worldwide blind us to our true enemy, the gifted and self-styled Super Race of Germany who believe the world is theirs for the taking and that it is their right of possession for after all aren't they the Super Race of Aryans.

The little green men seen could be animated dolls for aren't the Germans noted for their toy manufacturing and real life animation of life like toys.

"Who raised up the righteous man from the east, called him to his feet, gave the nations before him, and made him rule over kings?"  
This passage from Isaiah is part of the Bible Lesson Sermon that will be heard in all Christian Science churches on Easter.

"In his resurrection and ascension, Jesus showed that a mortal man is not the real essence of manhood, and that this unreal material mortality disappears in presence of the reality." The correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is included in the week's lesson on "Unreality."

Services at the First Church of Christ Scientist, Main and Tenth Sts., Berlin, N. H., are at 11 a. m. All are welcome.

There are eight Cub Scouts in this area that would very much like to become a part of the Scouting program and have some fun and worthwhile learning while doing it, but, said to say, unless we can get some Den Mothers to help them they will have to be content to listen to the other boys, who have a den mother, relate their experiences.

In an area of this size, can't we find just one kind lady who would be willing to forsake one hour each week, usually after school lets out, to help these boys? Of course we can. There will be no question of help for whoever takes it as we've contacted several ladies who would donate helping time. Anyone interested can contact Ginny Keniston for information on projects and such or call Ronald Stevens or Bob Lowe. Thank you kindly and so will the boys.

## TELSTAR REGIONAL HIGH SCHOOL NEWS

### ACTIVITIES

A student council at Telstar Regional High School is well on the way to becoming a reality. For some time now a planning committee, made up of representatives from each of the senior high classes and junior high classes, has been meeting and drawing up plans for the formation of a student council, and now elections will be held shortly.

Philip Runnels, chairman of the planning committee, announces the following:

- 1) There will be two separate councils—one for the senior high and one for the junior high.
- 2) There will be three representatives from each class in the senior high and six from each class in the junior high.
- 3) Each organization may have one non-voting representative.
- 4) Candidates for elections must take out nomination papers. These papers must have fifteen signatures for senior high candidates, and ten for junior high.

On Wednesday of last week 164 Telstar students and three of their English instructors, Mrs. Katherine Davis, Mrs. Elizabeth Tebbels, and Mrs. Pauline Applin, traveled by bus to Lewiston to see the film "Romeo and Juliet". Arrangements made by the English Department with the Paris Cinema provided for the 10 a. m. showing, especially for Telstar students.

Students in Mrs. Helen Berry's two eighth grade English classes enjoyed a guest speaker on Wednesday, March 26. Michael O'Donnell, attorney-at-law, gave an interesting talk on various aspects of law, dealing especially with those which might involve the students personally. In his comments Mr. O'Donnell touched on the drug problem, among others, but he especially emphasized the need for each individual to look ahead to determine the results of his actions. He pointed out that often apparently innocent pranks may have dire consequences if their end result is not carefully thought out.

On Monday afternoon, March 31, an assembly was held in the auditorium for the junior high students, followed by one for the senior high. These assemblies, which were in the nature of a memorial for General Eisenhower, included a Color Guard unit from the American Legion, commanded by Roderick McMillin, the Pledge of Allegiance, led by Principal Richard Vaughan, a brief eulogy, written and delivered by Richard McCann, Assistant Principal and Taps, played by Sue Hutchins.

Mr. McCann's moving tribute is quoted herewith:

"Another American is dead. It didn't happen in a motorcade or in a crowded convention hall—it was in the solitude of a hospital room after one of the most dramatic and courageous fights known in modern history. We, unfortunately, have witnessed the passing of too many great Americans of late, John F. Kennedy, Martin Luther King, Robert F. Kennedy and now, a man not assassinated, not struck down in the prime of life, but one who has lived life to its fullest, one who has waged a battle with Death many times and won.

"Our grief is not solitary—thousands of British, French, Italians, Canadians—yes, even Russians and Germans will mourn his departure from this world. His passing will mark the end of an era, an end to one of the great legends of modern times. Perhaps no man in history

was ever in his life-time as esteemed by so many millions of so many creeds, colors and nationalities as this smiling, forthright, honest and decent man. He is held by both friend and foe alike as a man of truly gigantic stature. Commander of the greatest army the world has ever known, President of the greatest nation in the world, this Kansas bred 100% American was a symbol to all—at home and abroad—of the peace and justice for which we all stand but for which few of us can be actively counted.

"To have led the Allied Forces, to have headed NATO, and to have directed the destiny of his nation was a privilege that would fall to few of us—yet he did them all and did them well.

"His humility has left its mark on our nation and indeed on our world. It is that world which mourns his death and at the same time feels gratitude for his legacy—decency, honesty, compassion and trust.

## GREENWOOD CITY

**Mrs. Colista Morgan, Corres.**  
This was the week end of the long awaited crust: really good, too. So a friend from Bethel who also loves the outdoors and nature as I do arrived and at 8:30 we were off.

There was a tingling wind as we crossed the pond. I suppose March winds have a purpose as do other kinds of weather. I hope it's a wind of change. It did at least bring Spring Fever.

The valley seemed different viewing it from this winter angle. There was Overset Mountain; the Elephant still as perfect as ever but somehow nearer.

We continued down pond and eventually crossed between Hicks and Mud Ponds taking a wood road to a hillier and more secluded section. Here we found the more interesting puzzles of nature. Birches and alders had their tiny catkins still tightly closed. They are relaxing, just waiting for the warm sun to release them under its glow.

A few pussy willows nodded to us, noses high, showing off their warm fur coats, glad to be the leaders of nearly all other shrubs on parade. The "pussy" bud will change its garment again in a few weeks, this time to wear a dress of yellowish flowers. Proud "pussy" is wise to appear in March for in May "She" would never receive a second glance.

We viewed the cellar where once stood the house of possibly Mr. Hicks, an early settler. This was now filled deeply with snow.

Two little brooks were breaking loose from the locks of winter and were threading their black waters between shelves of white ice.

We listened to the silence, just the sighing of the wind, and looked through the trees to the distant hills and the horizon. Here in the stillness I thought of how one's vision is challenged to reach and one's understanding is challenged to expand. Ahead of us was the backbone of the hills, open and wide.

We headed once more into the wind noticing the jumble of rocks high up the mountain, gray and weathered.

So after nearly two hours of delightful recreation we returned with memories. We had followed a back road up into a lonely wooded section, found at journey's end a cellar hole in a small clearing where the wind rushed past. Here the winter snow collects in sheltered or sheltering drifts, or is swept clear away by a scouring blast. It was just another part of our legacy, the one time home which nestled among the trees.

## SOUTH WOODSTOCK

**Mrs. Olive Davis, Corres.**

The Willing Workers served supper to the Oxford County police force and deputies Wednesday evening, March 26, at the Bryant Pond town hall, to about 20.

After the supper the ladies were invited to listen to the lecturer and pictures given about the use of narcotics which is growing in leaps and bounds among our young people. It is very prevalent in Maine. Many of the parents won't believe this but it is well to check your children before it is too late. Know where your child is and what he is doing. Teenagers need guidance. Stay by and help them to follow the right road.

Vickie Hall stayed with Mrs. James Mason while her parents were in Washington.

Mr. and Mrs. Roger Tibbetts of Norway, took dinner with Mrs. Tibbetts' parents, Mr. and Mrs. Guyson Davis, recently.

Mr. and Mrs. Wendell Hall returned home Sunday from Washington, D. C.

Vickie Hall visited her grandparents, Mr. and Mrs. John Hall, Sunday, on Elm Hill.

Stanley Andrews called on his parents, Mr. and Mrs. Harlan Andrews Sunday.

Rebecca Andrews of Orono came home Friday night for a week's vacation from college work.

The Adventist School parents and

friends went to Hebron Academy where they had use of their swimming pool for Monday evening.

Lettie Ford is visiting Mr. and Mrs. Harlan Andrews for a few days.

Leroy Titus and daughter, Gertrude Smith, visited Mr. and Mrs. Harlan Andrews Saturday afternoon. Mr. Titus attended the funeral of Reginald Ross, also.

A letter was received from Lillian Harmon saying she was leaving Florida, the 30th flying to Dallas, Tex., where she will spend awhile with Mrs. Roxie Pingree and family. Harlan Pingree lives just outside of Dallas; Anita Pingree Ball is in West Texas (Big Spring), and Roxie Pingree is in Cisco.

For those who knew them it might be interesting to know, Harlan is working on his doctorate degree and is doing lab research and working in the Medical Research Bureau in Dallas. Anita is going to college to get her degree (B. S.) although she has a 12 year old son. Her husband teaches in Big Spring High School. He obtained his Master's degree last summer.

We all feel sorry to hear of the passing of one of our great leaders, Dwight Eisenhower, President Nixon's tribute Sunday afternoon was all true and very appropriate. This leader will be missed greatly by our country and present leaders who relied on him for advice.
